

## **Triangle Annual Report for the year ended 31 October 2020**

David Thornley and Gill Baker have continued to edit the Triangle, alternating duties so each one edits 3 issues per year.

During 2019/20, six Triangles have been produced as usual – each of 24 pages – and printing arranged to a schedule that provided for distribution to subscribers at the beginning of December, February, April, June and August.

During much of the past year Covid-19 has presented new challenges for the Triangle team in that usual village events which provide much content for the magazine have not taken place. In spite of this, resourcefulness on the part of the editors and the continuing willingness of villagers and others to contribute articles has meant content has been varied and pages full.

Printing of the Triangle is undertaken at Prontaprint in Scarborough. They have continued to work and be supportive of the Triangle during the lockdown periods. This was important as in March 2020 the two editors made a decision that the Triangle should still be produced and issued in hard copy form to subscribers. It was felt that it would be important for residents to receive the magazine when they were unable to leave their homes due to the virus risks. Also, that it would help to foster community spirit for all of us unable to see family and friends.

Feedback from readers on the Triangle tends to be verbal, although emails are received from time to time too. The feedback received is overwhelmingly positive and helpful suggestions re content continue to be welcome.

The editors would like to thank all our Triangle contributors and our advertisers for their support during the past year. A special thank you to the editors' partners for their support and unseen work in checking and proofing reading our editions.

Looking ahead to the coming year, it is intended to continue production of the Triangle on the same schedule. The editors look forward to receiving articles from subscribers and readers – your support ensures the Triangle is interesting and informative. It is also hoped to have the continuing support of local advertisers, who are essential enabling the Triangle to be sold at a very reasonable price.
